Although Canal Point post office officials did not use that phrase in describing the 1962 postal receipts increase over 1961, they could have and everyone would have known just what they were talking about.

Sugar! Its expansion into one of the major industries in the Lake Okeechobee Region is fast making Canal Point a busy business center for the sugar industry in the upper Everglades.

As a result of the fast increasing growth brought on by the sugar industry, the Canal Point post office enjoyed an increase of 25.9 in 1962 over 1961. The increases in the area were as follows:

Pct.	Canal Point	25.9
	Pahokee	15.5
	Belle Glade	12.9

The receipts in 1961 were \$10,404.84 and in 1962 they were \$13,100.91. The office has been steadily increasing in receipts for the past three years and another increase is expected in receipts this year.

The Canal Point Post Office serves the area of Fort Mayaca via state route and U. S. 441, Fort Lauderdale, Post Office is a rural station of the Canal Point office.

Ursry, who is in charge of the campaign has announced that the Savings Stamps in denominations of 10, 25 and 50 cents will be on sale at the school library each Friday from 9 to 10 a. m.

In order to appeal to the children, there will be astronaut certificates given with the first stamps purchased by each child. The cooperation of the parents will be necessary to make this program a success.

For birthdays or gifts, stamp books in \$2.50 and \$5.00 values will be offered for sale.

Jaycettes Group In Planning Stage

The organization of a ladies auxiliary group, the Jaycettes, was considered at the ladies' night dinner meeting of the Pahokee Junior Chamber of Commerce held, Friday night, at the new Selma Restaurant on US 441, between Canal Point and Okeechobee, with the president, Bill Benton, presiding. If the majority of the wives of the members wish to become Jaycettes, the auxiliary will be formed.

A complete set of by-laws, submitted at the meeting by Milton McKay, by-laws chairman, was adopted by unanimous vote. Special recognition was given to Al Syken for his outstanding work as chairman of the Santa Claus project, sponsored by the Jaycettes the week before Christmas in cooperation with the merchants of Pahokee.

President Benton announced that a spring caucus and breakfast for officers of Junior Chambers of Commerce throughout the State will be held at the Holiday Inn in Fort Lauderdale, Sunday, February 3. Frank Foster of West Palm Beach, district vice-president for this area, will preside at the caucus. The Wilton Manor Jaycees will be host to the group.

Attending the dinner as guests were Mr. and Mrs. Hueston Connel, Mr. and Mrs. Buddy Guthrie, Mr. and Mrs. Milton Compton, and Robert McIntosh, all of Pahokee; Bill Ospey of Belle Glade, and George Riddle, president of the Belle Glade Jaycettes.

Beans \$7.30 Bushel Corn \$4.75 A Crate

Tender green snap beans are selling unusually high prices because of the shortage caused by the December freeze. Beans on the Glades market this week brought the grower \$7.30 per bushel hamper.

Sweet corn is scarce in the Glades area and the price is exceptionally high on that account. Buyers were paying \$4.75 per five-dozen crate this week for the delectable vegetable.

Farmers have been busy as the proverbial bees since the freeze in their efforts to put more seed into the ground. Some fear, of course that the new crops will be up just right to encounter the usual February cold spell.

OFF TO HONOLULU

Mrs. Patricia Johnson, daughter of Mr. and Mrs. Cecil Windham and sister of Mrs. Roland S. Todd, Jr., left Friday by plane for Honolulu, Hawaii, to meet her fiance, Pvt. John O'Connor, who is stationed there with the U. S. Army. The wedding date was set for Tuesday, January 15.

Reputed to be the most varied and entertaining Fair in the South, (continued on page 8)

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

County commissioners met with their attorneys Monday to talk over bills they want submitted to the 1963 state legislature.

Among the major or proposed bills is one that would set up fire districts in Palm Beach County. District residents would be taxed to pay for fire protection. Only those living in areas not covered by fire departments would be included in the districts.

Although the final decision was left hanging, commissioners talked in terms of a tax district set up by the legislature, without a referendum of the district residents being called.

Commissioner Lake Lytal also

suggested some small municipalities should be included in the fire district plan because they don't have their own fire departments.

"That would be taking municipalities into a taxing district without their consent," County Attorney Harry Johnston warned.

Commissioner Edward Bandlow said fire chiefs have told him it's impossible to create fire districts that conform with precinct boundaries. He and Lytal decided to call a meeting with fire chiefs to iron out problems before drafting the fire district bill.

County Solicitor Joel Daves is asking for a bill that will allow commissioners to decide how

many assistant solicitors Daves needs, and would permit the assistants to hold part-time or full-time jobs in addition to their county positions.

"The idea is it might help us keep qualified people if they can have a little private practice," Daves said. "There's been so much turnover."

Lytal asked the county legal department to amend the existing law governing the county's subdivision street improvement program. His proposal would permit an entire subdivision to petition the county for improvements, with the signatures of 60 per cent of the owners.

Lytal also called for a more equitable method of assessment on the street projects, instead of the frontfoot formulas now used. He said the present system hits hard at the homeowner with a corner lot, because he pays for the "frontage" on two streets.

CHEAP FILL FOR COUNTY

County commissioners snapped up an offer Monday to get about 40,000 yards of cheap fill for the county park at U. S. 1 and Highway A1A. The Florida Inland Navigation District said it will sell the fill at eight to ten cents a cubic yard, after dredging it from the Jupiter narrows in the next few months.

...GROWING WITH THE FUTURE

"Today we need a nation of Minute Men . . . citizens who regard the preservation of freedom as a basic purpose of their daily life . . . "

-JOHN FITZGERALD KENNEDY

10 days after his inauguration
as the 35th President of the
United States.

Twenty years ago, in the dark, uneasy days before Pearl Harbor, the Minute Man of Concord, timeless symbol of our Nation's determination to defend its freedom, emerged as the emblem of the U. S. Savings Bonds Program. When war came, the Minute Man became the rallying force behind the huge and overwhelmingly successful effort to back our fighting men with War Bonds.

In this, the 20th anniversary year of Savings Bonds, the Minute Man of Concord calls all Americans to an unremitting effort to help preserve our peace and freedom, threatened by forces more powerful and resourceful than those we faced in 1941. Though this effort will take many forms, one way open to all is the continued investment in Shares in America, U. S. Savings Bonds, by "citizens who regard the preservation of freedom as a basic purpose of their daily life."

Tampa Fair Will Feature Vegetables

TAMPA—Despite the December cold spell, the state's winter fruits and vegetables will be a major attraction at the 58th annual Florida State Fair in Tampa, Feb. 5-16.

Exhibits of 14 counties will symbolize the abundance and diversity of Florida's field and grove resources. Also to be displayed are the state's harder staples such as hay, grains and forage, tobacco

and forestry products.

Although crop losses have been heavy this winter, county agricultural agents have accepted the setback as a challenge to show the nation that Florida is still producing the highest quality citrus, vegetables and flowers.

Christian Science Group Of Canal Point

The Apostle Luke's inspiring account of the raising of the widow's son from the dead will be heard at Christian Science services Sunday. Subject of the Lesson-Sermon is "Life."

The Golden Text is from Matthew (4:4): "It is written, Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God."

Passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include this selection (p. 547): "The Scriptures are very sacred. Our aim must be to have them understood spiritually, for only by this understanding can truth be gained." And continuing on the same page: "It is this spiritual perception of Scriptures which lifts humanity out of disease and death and inspires faith."

Banner Year For Tourism Predicted

TALLAHASSEE: — The Florida Development Commission has predicted another banner year for tourism for the state, despite reports from Miami that airlines and hotel business is lagging.

Chairman Wendell Jarrard has forecast the 1963 season as equal or better than the record season of last year.

Earlier, Miami Beach's hotels reported they didn't turn down any guests for lack of room over the holidays and airlines said there were ample seats for passengers coming into Florida.

Jarrard said every season was preceded by gloomy predictions, however. "Those so-called prophecies of a poor season have a familiar ring," he said "but are not substantiated by our reports from all parts of the state."

Methodist To Hold New Life Meetings

LAKELAND—A state-wide series of "New Life" evangelistic meetings to be held at weekly intervals Feb. 3 through March 24, was announced today by the Florida Methodist Conference.

More than 500 churches are due to take part. Most of the churches will have guest preachers for a week as Florida pastors exchange pulpits. At least 15 Methodist ministers from other states also will take part.

Bishop James W. Henley, Jacksonville, said the meetings will tie in with the church's national observance of the 225th anniversary of the "Aldersgate experience" of John Wesley, British founder of Methodism.

The anniversary dates back to 1738 when Wesley, a priest of the Church of England, attended a prayer meeting at a little chapel on Aldersgate Street in London.

"I felt my heart strangely warmed," Wesley said in describing the experience which inspired him to become an evangelist within the established church and to launch the Methodist movement that later became a separate denomination.

Primary purpose of the meetings, Bishop Henley said, is "to call Methodists under the guidance of the Holy Spirit to seek new life in Christ and the Church, and to witness out of a heart-warming experience that Jesus Christ is Lord."

Dates of the week-long "New Life" meetings by districts are as follows:

Feb. 3-10—Tallahassee district;
Feb. 10-17—Sarasota and West Palm districts; Feb. 17-24—De-

Land district; Feb. 24-March 3—Tampa and St. Petersburg districts; March 3-10—Gainesville district; March 10-17—Jacksonville, Lakeland and Miami districts; March 17-24—Orlando district.

The meetings will be followed by a pre-Easter campaign of community visitation evangelism, Bishop Henley said.

For Nearly 30 Years

Palm Beach Fair

(Continued From Page 1) the week long exhibition will feature displays that are as varied as the Mercury space capsule, in which fair visitors will be able to look; to wild animals of the Everglades who will be looking in upon the "caged" fairgoers.

The great display of space technology, commercial products, and educational exhibits for which the South Florida Fair has become famous will form an interesting contrast to the old time fair atmosphere on the Midway of cotton candy, sugared apples, sideshow

barkers, thrill shows, whirling ferris wheels, and myriads of young people aged 3 to 90 who will be trying their hands at the various contests and shooting galleries.

OFF TO OKINAWA

Mrs. Lester Nichols and sons, Eli and Eddie, left Thursday by plane from West Palm Beach for San Francisco, Calif. where they will take another plane Sunday for Okinawa to join her husband, TSgt.
